

# One Name For Any Crop.

AGCO has a crop packaging product to fit any size operation:

- **AGCO Professional™ Grade:** Perfect for day to day baling in standard conditions.
- **AGCO Advanced™:** Valued added products designed to save you time and money.
- **AGCO Advanced Max™:** Engineered for high density baling, even in the toughest of conditions.

AGCO is very pleased to once again be partnered with Cordex, an ISO 9001:2015 certified global company that supplies products in 55 countries worldwide. Established in 1969, Cordex's commitment to service, quality and price competitiveness is unsurpassed in the industry.

## NET WRAP

### PROFESSIONAL™

- Minimum length guaranteed
- ISO 9001 Certified
- Red end warning stripe
- UV stabilized

SIZE	PART NO.	WHITE WITH PURPLE
48 x 9840	79034032	
48 x 11800	79034041	
51 x 9840	79034049	
51 x 11800	79034045	
64 x 7000	79034029	
64 x 8800	79034042	
67 x 7000	79034034	
67 x 8000	79033924	

\* For Canadian orders, please see below.

### ADVANCED™

- Weft lines are reinforced in an "X" pattern instead of the traditional "Z"
- Reinforced net wrap that gives extra strength in the middle of the bale
- Perfect choice for **tough to bale crops** (i.e. corn stalks)
- Increased water-shedding capabilities
- Red end of roll warning stripe on last 250 feet of the roll

SIZE	PART NO.	GRAY AND ORANGE
48 x 9840	79034058	
48 x 11800	ACP0491300	
51 x 9840	79034059	
51 x 11800	ACP0491310	
64 x 7000	79034060	
64 x 8800	ACP0491320	
67 x 7000	79034061	
67 x 8000	ACP0491330	

\* For Canadian orders, please see below.

### ADVANCED MAX™

- **15% greater strength** is ideal for baling heavier, denser, and larger hay bales
- Maximum spreadability with enhanced side-to-side coverage
- High visibility striping pattern
- Available in extended lengths = more time baling

SIZE	PART NO.	PURPLE STRIPES
48 x 9840	ACP0491340	
48 x 12500	ACP0491350	
51 x 9840	ACP0491390	
51 x 12500	ACP0491360	
64 x 7000	ACP0491400	
64 x 9000	ACP0491370	
67 x 7000	ACP0491410	
67 x 9000	ACP0491380	

\* For Canadian orders, please see below.

## PRO TIPS

Net wrap provides many benefits over conventional twine.

- Produces 32% more bales per hour
- Provides better protection from the weather
- Saves on fuel and labor costs
- Significantly greater productivity, especially with larger acreages and custom balers

## SISAL TWINE

- Made with premium Brazilian fiber
- Fully treated and tension tested
- 100% biodegradable
- For all baler types

SMALL SQUARE BALERS			ROUND BALERS		
LENGTH	GREEN	GOLD	LENGTH	GREEN	GOLD
7200	79034056	79034022	16000	79034054	79034012
9000	79034055	79033994

## SILAGE FILM

Improve feed nutrition by fermenting various types of hay and feed crops with silage film from Cordex.

Eliminating oxygen from the bale allows the silage bacteria to produce a natural preservation process. This improves palatability and digestibility of the feed resulting in increased milk outputs and weight gain.

- Premium co-extruded 5 layer film
- High puncture resistance
- Superior strength
- Suitable for round and large square bale wrapping
- UV protected
- High barrier properties

#### CORDEX SILAGE FILM

PRODUCT SIZE	PART NO.
20" – 500MM x 1800M	ACP0492120
30" – 750MM x 1500M	ACP0492130

ADDITIONAL PRODUCTS	PART NO.
53" x 72" END CAPS	ACP0224370
110" x 72" END CAPS	ACP0224380
3" REPAIR TAPE	ACP0135550

\* For Canadian orders, please see below.

\* FOR CANADIAN ORDERS, please add a "C" to the end of the part number when ordering. EXAMPLE: Change 79033933 to 79033933C

For part numbers beginning with "ACP", change the last digit in the part number to a "C". EXAMPLE: Change ACP0101980 to ACP010198C
